MEMORANDUM FOR THE RECORD

Morning Meeting of 14 April 1967

DD/I said that he is working out the arrangements for a logistics conference concerning Vietnam with DIA and MACV.

DD/I reported that Congressman Lipscomb has asked for information about the funding of a proposed factory in Rumania. The Director said he would prefer that the Congressman contact State and the Export-Import Bank for this information. He reaffirmed his decision that no intelligence bearing on East-West trade should go out of the Agency with a lower classification than Secret.

DD/I noted the preliminary assessment of the second package of [] and called attention to NPIC's laudatory decision to refrain from disseminating briefing boards on the first package.

Lehman for Godfrey noted that the President has an ETD from Punta del Este of 1110 EST and an ETA in Washington of 2325 this evening.

Lehman briefed the Director on communications outages between 0420 and 0600 this morning.

Lehman covered a meeting on Laos between Foy Kohler and Ambassador Dobrynin and recent developments in the Greek political situation.

[] alerted the Director to a request from Secretary Rusk to [] for a Watch Committee assessment on North Korea. The Director suggested that the views of the recently defected North Korean propaganda official be cranked in.

Carver reported that we will be working on a memorandum for Komer explaining enemy OB figures in Vietnam.
